Blake Brodbin, P.Eng.
Production Engineer
PETRONAS Energy Canada Inc.
1600, 215 Second St. SW
Calgary, AB T2P 1M4

Dear Mr. Brodbin:

**RE: PRODUCED WATER DISPOSAL SPECIAL PROJECT CANCELLATION
PETRONAS ET AL BEG d-15-D/94-G-8 (WA# 855)
BEG FIELD – BALDONNEL ‘C’ POOL**

The subject well was drilled in 1961 and the Baldonnel formation was completed for the purpose of gas production. Approval to dispose of water produced in association with gas from the Baldonnel zone was granted on May 25, 1970. The last reported disposal into the well occurred in February 1991. The Baldonnel formation was zonally abandoned in December 2004. PETRONAS Energy Canada Inc. has indicated having no plans for reactivation of this well and concurred that cancellation of the disposal approval is appropriate.

Pursuant to the *Oil and Gas Activities Act (OGAA)* section 75(2)(b), the Commission may cancel, suspend or amend a designation (iii) if the Commission considers that the designation is spent, or (iv) if the Commission considers that the designation is no longer appropriate, including, without limitation, for reasons of (a) public safety, (b) protection of the environment, or (c) conservation of petroleum and natural gas resources.

The Special Project Approval for the Beg field, Baldonnel ‘C’ pool, well PETRONAS et al Beg d-15-D/94-G-8 (WA# 855), is hereby cancelled under section 75(2)(b) of OGAA. In accordance with Section 75(2)(b)(iii), the Commission considers that the designation is spent.

Should you have any questions, please contact Kathryn Archibald at (250) 419-4406 or the undersigned at (250) 419-4430.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Ron Stefik', is written over a horizontal line.

Ron Stefik, Eng. L.
