

OIL AND GAS COMMISSION

INFORMATION BULLETIN

For Immediate Release

OGC IB # 01-09

February 4, 2009

INDUSTRY SUBMISSION OF SIGNING AUTHORITY NOTIFICATION

FORT ST. JOHN – In recent weeks, the BC Oil and Gas Commission (Commission) has seen several new company start ups and a number of amalgamations. Coupled with several positions recently filled within land referral companies, this has led to a gap in identified individuals authorized to submit and sign applications on behalf of oil and gas operators.

In order to prevent application delays, the Commission is now requesting updated information from all operators identifying - in letter form with company logo – the land referral agency(s) with authority to submit applications signed on the operator's behalf. These letters are to be forwarded to the Commission Application Review Officer named below.

For more information, visit the Commission website at: www.ogc.gov.bc.ca.

If you have any questions regarding the above, please contact:

Amanda Fraser
Applications Review Officer
BC Oil and Gas Commission
Fort St. John, BC
