****UPDATE: OGAA Phone Line**

To: Industry and First Nations

The BC Oil and Gas Commission (Commission) would like industry and First Nations to know that the Oil and Gas Activities Act (OGAA) is expected to come into effect October 4, 2010.

The current regulatory framework will be replaced by OGAA, and it is imperative that those operating in British Columbia's oil and gas industry are familiar with the changes and are prepared to operate under the new regulatory framework. Training materials, as well as the legislation and regulations, are available online at www.ogc.gov.bc.ca/OGAA. Queries can be submitted through an online interpretation and revision request form, and answers to all questions received will be posted in the Frequently Asked Questions section.
